

QUALITY POLICY

NNF TECH Pvt. Ltd. is committed to supply best quality Metal Injection Molded (MIM) components. In order to achieve this objective our quality policy is:

- To understand customer specific requirement and provide cost effective solution with consistent quality.
- To maintain & improve the standard of manufacturing by:
 - ✓ Adding check points in every stage of the process.
 - ✓ Maintaining effective traceability system.
 - ✓ Continuous improvement in all processes.
 - ✓ Providing training & development to all employees.
- To develop and systemize a culture of “Getting it right – first time”.
- To aim for total customer satisfaction by assuring zero defect with on time delivery.
- To create an environment where contribution of every individual is recognized & valued.
